Subject: Ex-change program with SASOL 2007

Dear Prof. G -C. M. Mutiso,

Since the 1<sup>st</sup> of January 2007 "Ex-change The profit of learning" has become a program within Edukans Foundation. This brings forward some changes in procedures and in the way Ex-change and SASOL have to settle their yearly agreement.

With this letter you receive information on how these changes will be worked out the coming months. At this place I would like to announce that we will fully support further continuation and extension of the SASOL Ex-change program in the Kitui district, Kenya.

Edukans will settle a contract 2007 with SASOL based upon the draft agreement that is enclosed in a letter by Henk Haring, Head of Department Ex-change. An advanced payment will be done this month, before the new contract form will be settled. This way we hope that ongoing activities within the SASOL Ex-change program will not be delayed.

I'm looking forward to our cooperation during this year and beyond.

Yours faithfully,

Kees de Jong  
Director EDUKANS
